REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Although the closest prior art as cited teaches inkjet compositions that include the required components of the claims, these components in and of themselves have not been taught to suffice to behave effectively as an inkjet ink composition. The claimed method, therefore, is neither taught nor rendered *prima facie* obvious by the closest prior art as cited and the product produced would inherently be different than others with additional or different ingredients in the composition.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bernard Lipman whose telephone number is 571-272-1105. The examiner can normally be reached on 8-5 Mon-Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu can be reached on 571-272-1114. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
